## SELF-ADMINISTERED FAMILY HISTORY – Long form Neuro Genetics & Neuro Oncology Genetics Clinic Molecular and Medical Genetics Oregon Health & Sciences University (OHSU)

This form will help us understand your family history and prepare for your Genetics visit. We appreciate your time!

## Check if any family members have the following:

\_\_\_\_ the same condition as the patient we are seeing \_\_\_\_\_ other conditions that appear to run in the family \_\_\_\_\_ other conditions that appear to run in the family \_\_\_\_\_ If so, please tell us more about those family members as they appear in the form or on the last page.

### Children of patient (skip if the patient does not have any children)

| First Name | Sex<br>M/F | Age | Living<br>Y/N | Medical<br>Problems | Mother's First Name | Father's First Name |
|------------|------------|-----|---------------|---------------------|---------------------|---------------------|
|            |            |     |               |                     |                     |                     |
|            |            |     |               |                     |                     |                     |
|            |            |     |               |                     |                     |                     |

#### Brothers and sisters of patient

| First Name | Sex<br>M/F | Age | Living<br>Y/N | # Chi<br>Male | ildren<br>Female | Medical<br>Problems | Mother's First Name | Father's First Name |
|------------|------------|-----|---------------|---------------|------------------|---------------------|---------------------|---------------------|
|            |            |     |               |               |                  |                     |                     |                     |
|            |            |     |               |               |                  |                     |                     |                     |
|            |            |     |               |               |                  |                     |                     |                     |

If there are any health problems with the brothers' and sisters' children (patient's nieces and nephews), please note.

Molecular and Medical Genetics

## Mother's Family History

| Mother's First Name | Age | Living | Age of | # Children |        | Medical  |
|---------------------|-----|--------|--------|------------|--------|----------|
|                     |     | Y/N    | Death  | Male       | Female | Problems |
|                     |     |        |        |            |        |          |
|                     |     |        |        |            |        |          |

## Mother's brothers and sisters (uncles and aunts of the patient)
